Digital installation kits are based on the latest model at the time of print, please be aware vehicle specification may change.

All new digital installation kits require second speed signal as from 1st October 2012.

All vehicles registered after 15th June 2019 require smart tachographs.

Please note vehicles CANBUS system can be used for second speed signals on models after 2013 (this only applies if manufacturer offers a factory fitted tachograph system).

For more information or fitting advice please call the technical line.

VW CRAFTER

PART NO.	DESCRIPTION
ST1500	Smart 2 VDO Smart Tachograph Kit
ST2300	1B Stoneridge Tachograph Kit

Please check gearbox. This vehicle may require an M1/N1 adaptor. See page 13.

FORD CUSTOM

PART NO.	DESCRIPTION
ST1502	Smart 2 VDO Smart Tachograph Kit
ST2302	1B Stoneridge Tachograph Kit

FORD TRANSIT 6 SPEED (REAR)

PART NO.	DESCRIPTION
ST1503	Smart 2 VDO Smart Tachograph Kit
ST2303	1B Stoneridge Tachograph Kit

Ford harness available

MERCEDES BENZ SPRINTER

PART NO.	DESCRIPTION
ST1505	Smart 2 VDO Smart Tachograph Kit
ST2305	1B Stoneridge Tachograph Kit

IVECO DAILY

Iveco harness available. Automatic vehicle may need dynamic sender

PART NO.	DESCRIPTION
ST1506	Smart 2 VDO Smart Tachograph Kit
ST2306	1B Stoneridge Tachograph Kit

LANDROVER 6 SPEED

Drilling through footwell is required. Designed pod available

PART NO.	DESCRIPTION
ST1508	Smart 2 VDO Smart Tachograph Kit
ST2308	1B Stoneridge Tachograph Kit

Please check gearbox. This vehicle may require an M1/N1 adaptor. See page 13.

LANDROVER DISCOVERY

PART NO.	DESCRIPTION
ST1509	Smart 2 VDO Smart Tachograph Kit
ST2309	1B Stoneridge Tachograph Kit

Please check gearbox. This vehicle may require an M1/N1 adaptor. See page 13.

MERCEDES VITO

PART NO.	DESCRIPTION
ST1510	Smart 2 VDO Smart Tachograph Kit
ST2310	1B Stoneridge Tachograph Kit

Please check gearbox. This vehicle may require an M1/N1 adaptor. See page 13.

NISSAN CABSTAR

PART NO.	DESCRIPTION
ST1512	Smart 2 VDO Smart Tachograph Kit
ST2312	1B Stoneridge Tachograph Kit

CITROEN, FIAT, PEUGEOT

PART NO.	DESCRIPTION
ST1515	Smart 2 VDO Smart Tachograph Kit
ST2315	1B Stoneridge Tachograph Kit

Please check gearbox. This vehicle may require an M1/N1 adaptor. See page 13.

ISUZU D-MAX

Designed pods available

PART NO.	DESCRIPTION
ST1520	Smart 2 VDO Smart Tachograph Kit
ST2320	1B Stoneridge Tachograph Kit

Additional gearbox parts needed. See page 13.

FORD RANGER

PART NO.	DESCRIPTION
ST1521	Smart 2 VDO Smart Tachograph Kit
ST2321	1B Stoneridge Tachograph Kit

Please check gearbox. This vehicle may require an M1/N1 adaptor. See page 13.

ISUZU GRAFTER/NQR/ N35/NKR/NPR

PART NO.	DESCRIPTION
ST1522	Smart 2 VDO Smart Tachograph Kit
ST2322	1B Stoneridge Tachograph Kit

Additional gearbox parts maybe needed for Smart 2. Please call the office for more information.

MITSUBISHI CANTER

PART NO.	DESCRIPTION
ST1524	Smart 2 VDO Smart Tachograph Kit
ST2324	1B Stoneridge Tachograph Kit

VW TRANSPORTER

PART NO.	DESCRIPTION
ST1525	Smart 2 VDO Smart Tachograph Kit
ST2325	1B Stoneridge Tachograph Kit

DENNIS EAGLE

PART NO.	DESCRIPTION
ST1523	Smart 2 VDO Tachograph Kit
ST2323	1B Stoneridge Tachograph Kit

MAN TGE

PART NO.	DESCRIPTION
ST1526	Smart 2 VDO Tachograph Kit

FIAT DUCATO

PART NO.	DESCRIPTION
ST1527	Smart 2 VDO Tachograph Kit

RENAULT MASTER KIT

PART NO.	DESCRIPTION
ST1528	Smart 2 VDO Tachograph Kit

M1/N1 is a universal tachograph kit, designed for vehicles that are unable to take a gearbox sender, with a gross train weight of 3.5 tonnes. The system requires an electronic speed signal from the vehicle. Please call the office for more details.

M1/N1 Kit

PART NO.	DESCRIPTION
STM1/N1-1381	1B VDO Tachograph M1/N1 kit
STM1/N1-1381 4.1	Smart 2 VDO Tachograph M1/N1 Kit
2910003039200	VDO M1/N1 Adapter (1B/Smart)

M1/N1 Kit

PART NO.	DESCRIPTION
STM1/N1-SE5000	1B Stoneridge Tachograph M1/N1 kit
STM1/N1-SE5000SM2	Smart 2 Stoneridge Tachograph M1/N1 Kit
M1/N1 Adapter SM	Stoneridge M1/N1 Adapter (1B/Smart)

Kit Parts

PART NO.	DESCRIPTION
ST325	Universal plastic POD
ST341	MAN TGE Pod
ST342	D-Max Pod
X39-140-000-011	Installation housing
ST21700504	Landrover Discovery cable & PIN (for Discovery 4)
ST60730412	Landrover Defender speed cable
ST126	CAN Interface
ST126G	CAN Interface (Isuzu)
LIGHT	T-Light
GEO	Geoloc for 1381
MOTION	Tachomotion for SE5000
ST1220a	1B Isuzu D-MAX gearbox parts
ST1220b	Smart Isuzu D-MAX gearbox parts
ST1220c	Smart Isuzu Adapter Only
DRIVE	Drive Spade

Charts

PART NO.	DESCRIPTION
ST400	125 Km/h Charts
ST402	140 Km/h Charts
ST403	180 Km/h Charts
ST404	Blind Charts

Tachsafe 2

The **Tachsafe 2** is easy to use and has a built in card reader which can read and download driver cards within one minute. The mobile unit is suitable for all types of fleet managers, professional and private carriers and independent drivers. The Tachsafe 2 can also quickly download the memory of the tachograph itself.

The **Tachsafe 2** will let you know when you need to make another download, and allows archived information to be sorted by driver and vehicle. The reports are clear, whether it is an overview of the activities of the driver or his compliance with driving rules.

A total solution for the price of a download key!

Price includes software.

PART NO.	DESCRIPTION
ST502	Tachsafe 2
ST503	A2C59515252DLK Pro Download Key

DLK Pros & DLK Smart

Efficient simple and user-friendly data handling. Designed for Fleets, Drivers, Workshops and Authorities, ideal for downloading and archiving mass memory and Driver Card Data from digital tachographs.

Digital tachograph data is downloaded via the easy to use interface, which is compatible with all digital tachographs.

Features:

- DLK Pro Download Key Software for key configuration, data visualisation and data archiving on the key.
- USB extension cable.
- Quick Start Booklet (printed) and Operating Instructions (digital).

Workshop Tablet 2

Fully integrated tachograph inspection on one device THE VDO WORKSHOP TABLET.

- Shorter inspection times, calibrates all makes of digital tachograph.
- Save time in the workshop by up to 50 percent.
- Robust touchscreen display for quick and easy data entry.
- Operates Wirelessly.
- Compatible with current and future versions of Digital Tachographs.
- Self-explanatory test sequences.
- Online support.

PART NO.	DESCRIPTION

A2C59506338	1381 Workshop Link
A2C59507494	KITAS Direct

Simulator 12/24v DTCO SIM

The simulator is a device that is used as a replacement for a tachograph in a vehicle where a tachograph is not mandatory, but the existing installation requires signals generated by the tachograph.

The simulator generates following signals:

- V imp, 4 imp/m, zero speed signal
- via CAN: vehicle speed, distance travelled, date and time
- via k-line: distance travelled, date and time
- The simulator has the same connections as tachograph – the A [white], B [yellow] and D [brown] sockets. The simulator can be used in **12v or 24v vehicles.**

Add VDO Link?

Remote download

Remote Download GPRS downloads remotely to the digital tachograph. The remote download unit (RDU) is permanently installed on the truck and it is connected to the digital tachograph. The download process is coordinated by a Remote Download Server. Download is initiated manually or by a scheduler application. The system works in the background but it warns the user in case of errors.

Features:

- Permanent fleet control
- Mandatory downloads are made automatically
- No risk of penalty caused by missing downloads
- The truck doesn't need to return periodically to the base station to download the tachograph so important cost savings are made
- No need of responsible personnel for tachograph management
- 3-year sim card included
- Analysis package available.

Sender Reader Unit WS09

The new sender reader avoids the calibration centre from running reference cables, saving time and money. The unit has a one button function providing details within 5 seconds.

KITAS Direct for VDO Workshop Tab

Smart 2 Update Cables

PART NO.	DESCRIPTION
ST850	Optimo Download Cable
ST851	DSRC / Tachograph Update Cable
ST852	Male / Male Red plug
ST853	Bench Test DSRC Update Cable

INITIAL TRAINING HUB

Technicians have the option to learn with e-learning & live practical.

The course will involve:

- 2 days e-learning +
- 2 days on-site.

The Hub also includes **FREE** Designated Manager tachograph training.

COMPLIANCE HUB

Our Compliance Hub aims to keep managers and technicians up to speed with their own obligations. The Hub includes:

- QC checks
- Walk round checks
- Warranty tracking
- Error code checks
- 1B / 1C Installations
- Vehicle manufacture data page

BULLETIN HUB

It is important to keep the right people up to date with equipment, processes, procedures and products used in the Tachograph centre.

Many changes are planned for smart tachographs over the coming years. Don't miss out on any legislation changes—our Bulletins Hub will provide all the latest information live to technicians within minutes of its release.

LICENCES AND UPDATES HUB

Our Licensing and Update Hub allows managers to store tachograph data files, such as Cito / Webcal.

Any requested files can be sent directly to technicians' or managers' hubs.

REFRESHER HUB

E-learning continues to gain ground in the commercial world. Centres implement it to develop their staff, streamline their processes, and expand their reach.

Our Refresher Hub now includes tachograph refresher courses. Training can be split over a 3-year period to suit your needs and technician downtime. Skillray will continue its face-to-face interaction with technicians with our regular toolbox talk session.

We aim to create a culture of continuous learning within the Tachograph scheme.

SMART 2

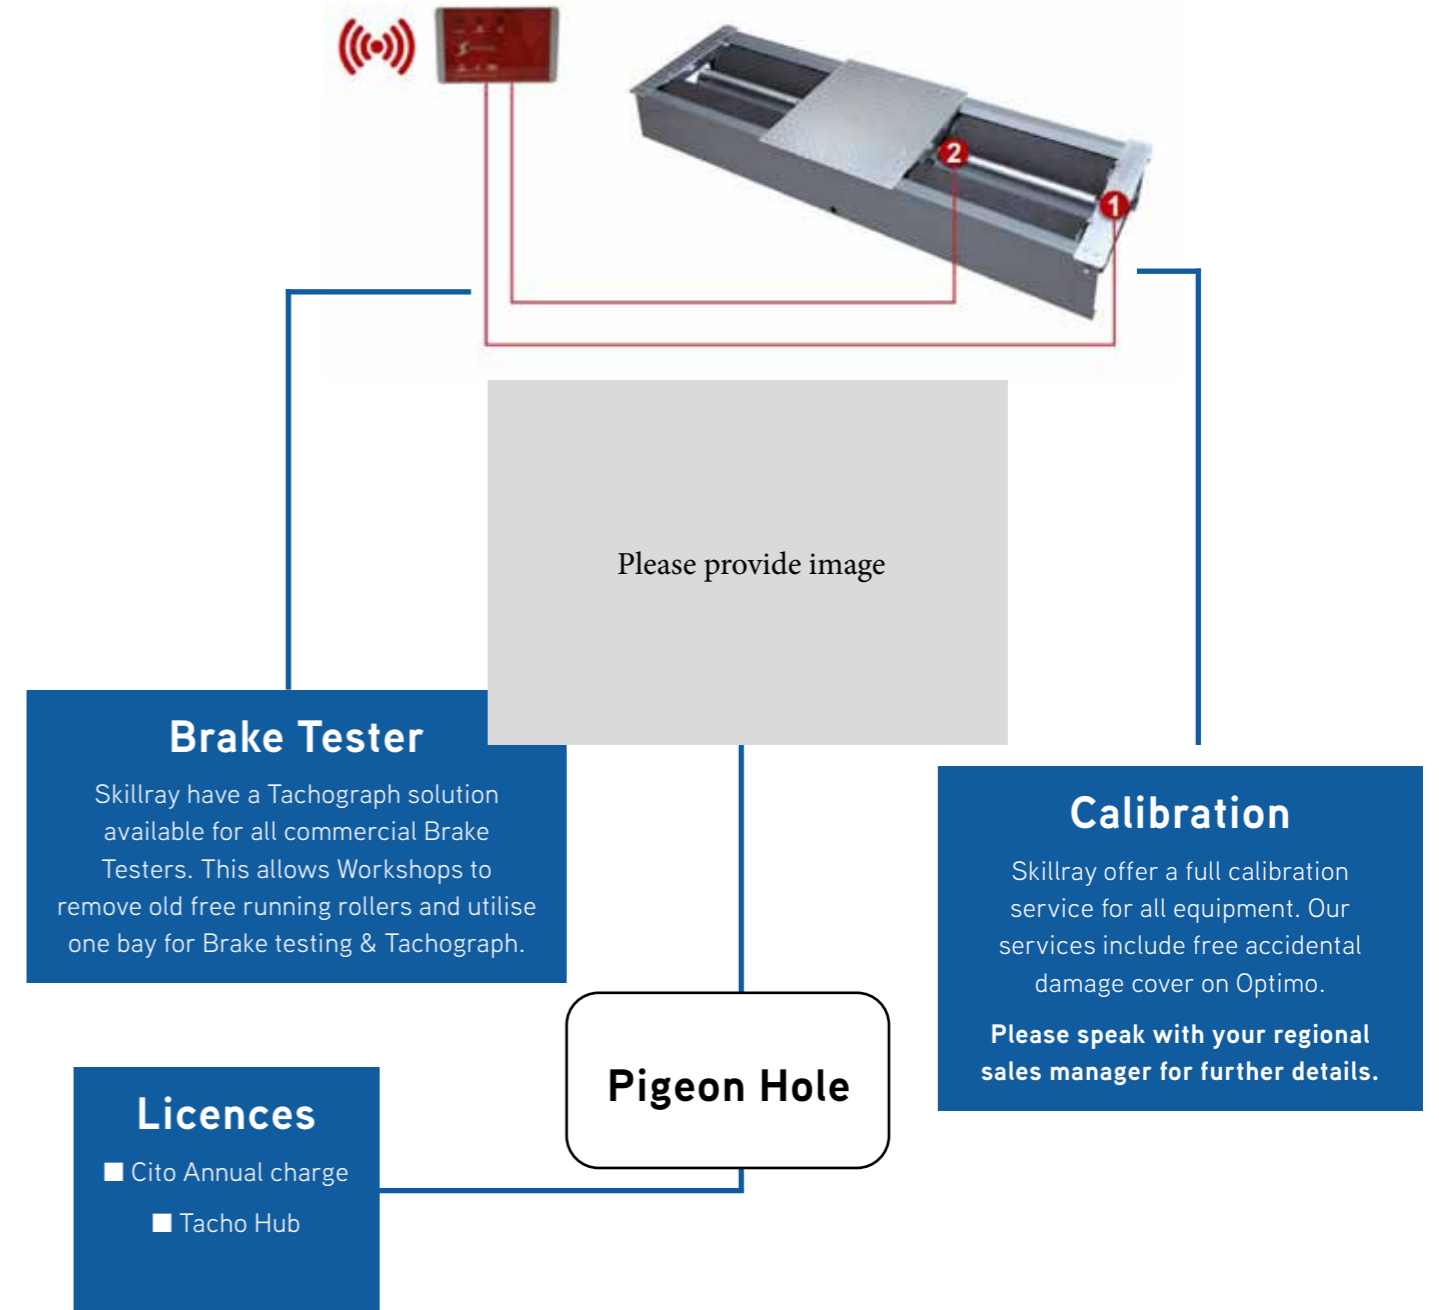

From 2025, the first Smart 2 updates will be introduced. These updates are part of new EU regulations to improve compliance and road safety, and may involve firmware upgrades or hardware replacements which may be chargeable to the workshop and end user.

TachoHUB will provide essential guidance on:

- Update costs
- Key implementation dates
- Information to share with operators and fleet managers

Skillray Transport offer a full range of Tachograph installation and calibration services. We carry parts for Hartridge, 9500 & Roller Brake Testers.

Our Standard Calibration consists of two calibrations per annum (6-months apart). Calibrations cover all Tachograph equipment on-site.

Skillray Transport Services UK Ltd, Unit 1 Birchwood Park, Crab Lane, Fearnhead, Warrington, WA2 0XR
